# THE DARK KNIGHT OF DENTISTRY

Uncovering the heroism at Cathedral Dentals

WOW!

F eared by many, loathed by some; dentists are the 'Evil Joker' in the Gotham city of medical procedures. Generating nightmares that involve fillings, injections, and your teeth falling out, it's no surprise the majority of us put off making appointments until we have reached unbearable limits..

Able to relieve you of your fears, Cathedral Dental is the ultimate 'Caped Crusader' of the dentistry world. The Batman himself, a.k.a Dr Indy Singh, is on hand to provide the highest quality dentistry and cosmetic procedures to ensure each

client receives a safe, smile-enhancing treatment, using the latest dental gadgets, technologies and equipment.

The Batman wouldn't be able to wipe out all teeth-terror without his trusted accomplice Robin, aka Dr Dave

Carr, and a fantastic team of Wonder Women who ensure each patient is well looked after at the practice. Practice Manager Chris has a superpower often taken for granted - the power to listen...

"We provide complementary consultations where we listen to what our patients would like to achieve, and we work to fulfill those needs by providing honest advice," she reveals. "We treat everyone equally but understand everyone has different requirements and therefore tailor each appointment to our clients needs."

Velvet team member, Gemma, visited Cathedral Dental to acquire straighter teeth and is overly impressed with the results.

"Indy has great attention to detail and is very particular about dental hygiene and aesthetics. I'm due to get my 'Fast Braces' off very soon and I can already see that the results will be dramatic," she said whilst grinning from ear to ear.
